

THE PRINT-AND-PLAY STARTER

Six words. Six puzzles. Six reasons to look away.

Find the word. *Face the truth.*

A small game about power, money, love and the excuses that keep them running.

01 / PRINT

Use the matching paper size. Print at Actual Size / 100%, portrait, with scaling off. Pages 2 and 3 are the cards. Page 4 contains spoilers.

02 / MAKE

For double-sided cards, print pages 2-3 only and flip on the LONG edge. Test one sheet first: matching numbers belong on opposite sides. Cut along the card borders. For single-sided printing, cut both sheets and glue matching numbered cards back-to-back.

03 / PLAY

Find the named word in a straight line: across, down or diagonally, forwards or backwards. Turn the card over to reveal its definition. Read the question aloud, or keep the answer to yourself.

04 / MAKE IT SOCIAL

Before revealing the back, each player invents a definition. Read all versions aloud and vote for the one that hurts most. The winner keeps the card.

Personal use: you may print copies to play with friends. Please share the website, not the download file. Do not resell or redistribute this pack.
